What is Believer Baptism?

Throughout the New Testament we find people being baptized to say to their family, friends and community that they have put their faith and trust in Jesus Christ as their Savior and Lord. In the Bible baptism almost always accompanied the moment of conversion so that they were one and the same step. We encourage anyone who has put their faith in Christ and not ever been baptized to take the step of publicly affirming that they now live for Christ. Baptism does not save a person, but rather it affirms, celebrates and tells the world that salvation has taken place. Out of obedience to Christ's command, baptism is the final step in telling your world about your commitment to Christ.
